

# AUTO PAY

The convenient, easy way to pay your monthly utility bill!

## What is AUTO PAY?

Auto Pay is a convenient and easy automatic payment service that saves you time, effort, and postage. This modern, electronic bank transfer ensures your bill is paid in a timely, efficient manner.

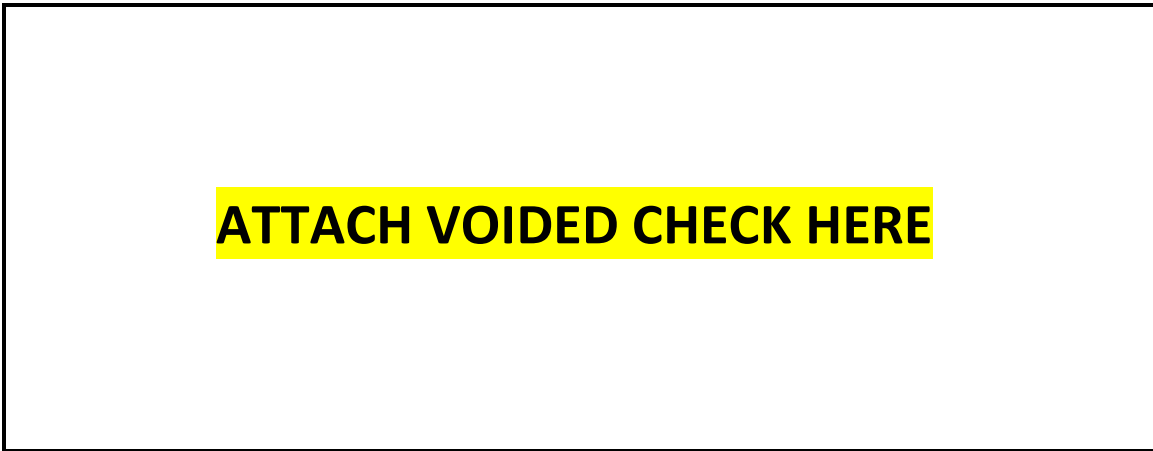

## How does AUTO PAY work?

As in the past, you will continue to receive your utility bill before your automatic payment is made. You will know the total amount of your bill in advance so you'll know exactly how much your financial institution will be automatically withdrawing from your bank account. This amount will be automatically paid to Waverly Utilities ten days after the billing date. The payment will be shown on the account statement you receive from your financial institution each month as well as your next bill from us.

## How do I sign up for AUTO PAY?
