

Metering

Waverly Utilities will install suitable metering to enable verification of actual demand during periods of interruption.

INTERRUPTIBLE GENERAL SERVICE RATE (CONTINUED)**Monthly Rate**

Customer Charge:	\$ 180.35 per month	
Demand Charge per kW:	Summer	Winter
First 50 kW	11.25	8.81
Balance kW	11.25	8.81
Energy Charge:	All Year	
First 250 kWh per kW of billing demand	.0708	
Balance kWh	.0468	

GREEN POWER CHOICE**Application**

Green Power Choice is available to all customer classes as well as off-system customers. This is a voluntary contribution by the customers to Waverly Utilities. All Green Power Choice contributions will be used to further Waverly Utilities' renewable resources. No certificate will be issued nor will a specific amount of fossil fuel production be displaced.

Customers may elect to contribute to Green Power Choice through their monthly bill in amounts determined by the customers. A \$2 monthly minimum is required.
